## DCR® III Remote Light Source Kit

Adds to the features of the DCR® III by allowing remote operation of the lamp head for energy chain and robot arm applications.

#### Standard Features

- Lightweight design - perfect for robotic arm applications.
- Intrinsically rugged design. Simple components in light head allow for operation in potentially harmful environments, while DCR® III power supply remains at a safe distance.
- 10' shielded extension cord allows product to be used in dynamic applications where a fiber optic bundle may fail in time.
- Light source connection includes modulamp nose piece to maintain airflow in the DCR® III power supply.
- CSA approved to UL spec, CE compliant to low voltage and EMC directives.
- Quiet rear exhaust fan.
- Modulamp® not included.

## Universal Light Source

For applications where DC power is already available and the need for an economical light source exists.

#### Standard Features

- Many of the same functional features as the Remote Light Source Kit.
- Includes Modulamp®.
- Connectors are included.
- Power cable supplied by customer.
- CE compliant to low voltage directive.
- Will accept any MR-16 halogen lamp up to 150W/21V.
