

Your Career with SCHOTT

SCHOTT is an international technology group with over 130 years of experience in the areas of specialty glass and materials and advanced technologies. Many of our products rank number one in the world. With our high-quality products and intelligent solutions, we contribute to our customers' success and make SCHOTT part of everyone's life.

Our main markets are the household appliance, pharmaceuticals, electronics, optics and transportation industries. We are committed to managing our business in a sustainable manner and supporting our employees, society and the environment.

There are many reasons to choose SCHOTT as an employer – our extensive professional development training program, our competitive compensation and flexible working hours, as well as joining a network of 15,000 employees in 35 countries to create innovative ideas for the world of tomorrow. Whether you are a professional, recent graduate or current student, SCHOTT offers a wide range of entry options.

Opportunities:

- Part-time and full-time internships
- Co-op opportunities
- International summer internships
- International graduate program for recent college graduates
